Thrombose Canada

ANNUAL EDUCATION CONFERENCE

**ADVANCES IN THROMBOSIS MANAGEMENT 2018**  
OCTOBER 27, 2018 • HOTEL OMNI MONT-ROYAL • MONTRÉAL, QC

## OBJECTIVES

After completing this program, participants will be equipped to:

- Incorporate the latest evidence into the management of patients with thrombotic disease
- Tailor evidence-based antithrombotic therapy in patients who require antiplatelet and anticoagulant therapies
- Evaluate and implement the treatment of thrombosis in special populations, including obesity, kidney disease and thrombophilia
- Support patients with cancer at risk of cancer-associated thrombosis and understand the role that therapeutic options play
- Order appropriate diagnostic testing for DVT (deep vein thrombosis), including cancer screening and thrombophilia testing for confirmed DVT
- Apply insights from the conference to manage thrombosis challenges in clinical practice

## TARGET AUDIENCE

Physicians, nurses and pharmacists involved in the management of patients with challenging medical or surgical conditions requiring personalized anticoagulant management.
